WORK EXPERIENCE

SENIOR UX DESIGNER

CloudFit May 2019-Current

Brandon is driving UX design across multiple projects and serving clients by providing high quality design. He is currently working within Microsoft providing "Live Design" sessions allowing stakeholders, project managers and developers to collaborate.

AREA DIRECTOR

Young Life October 2014-2018

Brandon founded and directed a medium-sized non-profit chapter in the Renton area to give back to the community. While directing the area, he managed a budget of over \$200,000 and used UX principles to fundraise over \$440,000. He hired staff and trained committees.

FOUNDER & CEO

Kizuka Technologies November 2012-2014

Brandon founded a design company that provided visual, UX and UI design in the greater Seattle area. He worked with clients such as Microsoft, Blueprint Technologies and Pete Carroll, Seahawks Coach

EDUCATION

DITIGAL TECHNOLOGY AND CULTURE

Washington State University May 2012

Digital technology and culture is a bachelors degree program that combines the creative production and critical exploration of digital media. This program provided Brandon with the fundamentals of design and gave him a solid base to build upon.

ASSOCIATES OF ARTS AND SCIENCE

Bellevue College June 2010

While Brandon attended Bellevue College he took various business classes that prepared him to start his design company. Business law, macroeconomics and business calculus all helped build a foundation for running a successful business.

ACCOMPLISHMENTS

Won best overall app at
Seattle Hackathon

Completed a total redesign
of an internal Microsoft app

Successfully launched a
SaaS MVP from scratch
